Re: Sangre de Cristo Communications, Inc.
Television Translator K15BX
Colorado Springs, Colorado

Gentlemen:

On behalf of Sangre de Cristo Communications, Inc., we transmit herewith an application for the extension of its construction permit for Television Translator K15BX, Colorado Springs, Colorado. It should be noted that there is being filed an application for modification of the permit which will permit prompt institution of service.

There is no filing fee associated with this application.

Should there be any questions concerning this application, kindly contact this office.

Very truly yours,

Suzanne M. Perry

Office of the Secretary

Station Location

Colorado Springs, Colorado

5. OTHER

Submit as Exhibit No. N/A a list of the file numbers of pending applications concerning this station, e.g., major or minor modifications, assignments, etc.

6. EXTENT OF CONSTRUCTION:

(a) Has equipment been delivered? ☐ YES ☒ NO

If NO, answer the following:

From Whom Ordered (If no order has been placed, so indicate)

No Order Placed

(b) Has installation commenced? ☐ YES ☒ NO

If YES, submit as Exhibit No. _____ a description of the extent of installation and the date installation commenced.

Date Ordered

Date Delivery Promised

(c) Estimated date by which construction can be completed.
See Exhibit No. 1

7. (a) If application is for extension of construction permit, submit as Exhibit No. 1 reason(s) why construction has not been completed.

(b) If application is to replace an expired construction permit, submit as Exhibit No. _____ the reason for not submitting a timely extension application, together with the reason(s) why construction was not completed during the period specified in the construction permit or subsequent extension(s).

Are the representations contained in the application for construction permit still true and correct?
If NO, give particulars in Exhibit No. _____

☒ YES ☐ NO

The APPLICANT hereby waives any claim to the use of any particular frequency or of the electromagnetic spectrum as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise, and requests an authorization in accordance with this application. (See Section 304 of the Communications Act of 1934, as amended.)

The APPLICANT acknowledges that all the statements made in this application and attached exhibits are considered material representations and that all the exhibits are a material part hereof and are incorporated herein as set out in full in the application.

CERTIFICATION

I certify that the statements in this application are true and correct to the best of my knowledge and belief, and are made in good faith.

Statement Concerning Construction

Sangre de Cristo Communications, Inc. ("SCC") is licensee of Television Station KOAA-TV, Pueblo, Colorado, and Television Translator Station K30AA, Colorado Springs, Colorado. KOAA-TV's ability to reach viewers in Colorado Springs is critical: it is the market's only NBC affiliate and additionally, presents an extensive schedule of syndicated programs as well a local news and informational programming. SCC relies on K30AA, which rebroadcasts the signal of KOAA-TV, to provide supplemental service in substantial portions of Colorado Springs.

There is a construction permit outstanding for Television Station KPCS(TV), channel 32, Pueblo, Colorado. If KPCS(TV) were to become operational, it could interfere with K30AA, and, because K30AA is a secondary facility under the terms of the Commission's rules, that station could be required to cease operations. SCC applied for the permit for K15BX in order to obtain the immediate ability to continue its critical service to Colorado Springs in the event it is forced to cease translator operations on channel 30.

However, the permittee of KPCS(TV) has been unable to obtain the financing necessary to commence operations or to sell its permit. SCC has attempted to purchase the permit and operate KPCS(TV) as a satellite of KOAA-TV (FCC File No. BAPCT-880226KH). However, its application for acquisition of KPCS(TV) was contested and denied by the Commission's staff, Memorandum

Opinion and Order, DA-88-2068 (M.M. Bur. January 13, 1989). SCC filed an Application for Review of that action on February 16, 1989. SCC's Application was again opposed and remains pending at the Commission.

SCC's inability to construct K15BX has thus been caused by "reasons clearly beyond the control of the permittee." 47 C.F.R. § 73.3534(b)(3). SCC sought the permit in order to supplement service to the largest community in its market, an integral part of its service area.^{1/} However, the inability of the permittee of KPCS(TV) to construct as well as SCC's inability to acquire the permit have both prevented resolution of the question whether it will be necessary for SCC to implement its permit.^{2/} Both factors are, of course, beyond the control of SCC.

Until the Commission resolves issues relating to SCC's proposed acquisition of SCC and the questions of implementation of the KPCS(TV) permit is resolved, SCC cannot rationally determine how to proceed with respect to the K15BX construction permit. Should KPCS(TV) commence operations, K15BX will afford SCC's only means of continuing to provide its current level of service to Colorado Springs. It is therefore critical to the public interest in service availability throughout a station's

^{1/} SCC's pleadings in connection with its attempt to acquire KPCS(TV) document the importance of Colorado Springs to KOAA-TV's ability to serve the public.

^{2/} It would, of course, be a needless waste of SCC's and the Commission's resources for SCC to construct the station when such construction may not be necessary if KPCS(TV) cannot commence operations.

principal market communities that SCC retain the construction permit for that station.

SCC respectfully submits that the importance of continued KOAA-TV service to Colorado Springs (which includes the market's only NBC network programming) mandates extension of the K15BX construction permit.

It should be noted, however, that SCC has recently completed negotiations with the University of Southern Colorado, licensee of Television Station KTSC, Pueblo, Colorado, looking toward construction and use of K15BX to rebroadcast KTSC's signal during a period prior to resolution of the status of KPSC(TV). It is thus anticipated that K15BX will be constructed and operated for the retransmission of KTSC in the near future.

APPLICATION FOR AUTHORITY TO CONSTRUCT OR
MAKE CHANGE IN FACILITIES OF V, TV TRANS-
(Careful attention should be given to the instructions on the back of this form to FCC)

For Commission Fee Use Only

For Applicant Fee Use Only

FEE TYPE:

FEE AMOUNT:

DATE:

Is this application fee required with this application? ☒ Yes ☐ No

If No, indicate reason therefor (check one box):

☐ Nonfeeable application

☐ Fee Exempt (See 47 C.F.R. Section 1.1112)

☐ Noncommercial educational licensee

☐ Governmental entity

For Commission Use Only

File No. BMPTT-900724IE

SECTION I - GENERAL INFORMATION

1. Name of Applicant Sangre de Cristo Communications, Inc.	Address Box 195		
	City Pueblo	State CO	Zip Code 81003
	Telephone No. (include area code) (719) 544-5781		

2. This application is for: (check one box)

☐ Low Power Television

☒ TV Translator

☐ TV Booster

(a) Proposed Channel No. 15	(b) Community to be served: City Colorado Springs	State CO
--------------------------------	--	-------------

(c) Check one of the following boxes:

☐ Application for NEW station

☐ MAJOR change in licensed facilities; call sign: _____

☐ MINOR change in licensed facilities; call sign: _____

☒ MAJOR modification of construction permit; call sign: _____

K15BX

File No. of Construction Permit: _____

BPTT-820413SI

BMPTT-JA0702UF

☐ MINOR modification of construction permit; call sign: _____

File No. of Construction Permit: _____

☐ AMENDMENT to pending application; Application file number: _____

NOTE: It is not necessary to use this form to amend a previously filed application. Should you do so, however, please submit only Sections I and VII and those other portions of the form that contain the amended information.

SECTION 11 - ENGINEERING DATA AND ANTENNA AND SITE INFORMATION

1. Facilities requested:

Output Channel No.	Transmitter Rated Power Output	Proposed Community(ies) to be served	
15	1.0 kilowatts	City Colorado Springs	State CO

Frequency Offset (check one)

☒ No offset ☐ Zero offset ☐ Plus offset ☐ Minus offset

Translator Input Channel No. 8

2. Proposed transmitting antenna location:

City Colorado Springs	State CO	County El Paso
Address or other description of location: K30AA Translator site on Cheyenne Mtn., SW of Colorado Springs, CO		Geographical coordinates of transmitting antenna to nearest second North Latitude West Longitude <u>38° 44' 42"</u> <u>104° 51' 39"</u>

Attach as an Exhibit a map or maps (preferably topographic, if obtainable, such as Geological Survey quadrangles) of the area of the proposed transmitting antenna location shown drawn thereon the following data:

Exhibit No.
1

- a. Scale of kilometers
b. Proposed transmitting antenna location accurately plotted.

3. Transmitter:	Make Television Technology Corp	Type No. XL 1000	Output Power P 1.000 kilowatts
4. Transmission line:	Andrews	HJ7-50	Length 125 Ft. Rated efficiency E for length given (decimal fraction) .89

5. Transmitting antenna ☒ Directional "off-the-shelf" ☐ Directional Composite (Multiple Antennas) ☐ Non-Directional

Manufacturer Scala		Model 4 dr-16-2H		Description ¹ para panel
Orientation of main lobe ² 30° true	Overall antenna structure height above ground ³ 18.288 meters	Elevation of Site ⁴ 2668.2 meters	Power gain G (multiplier) in the horizontal lobe of maximum radiation relative to a halfwave dipole ⁵ 8.55 (with 3° of downtilt)	

Effective radiated power (ERP)
(ERP=P X E X G) 7.609 kilowatts Height of antenna radiation center above ground 16.76 meters
Height of antenna radiation center above mean sea level 2685.01 meters ⁶

- 1 Give basic type using general descriptive terms such as half-wave dipole, "bow-tie" with screen, corner reflector, 10 element Yagi, 4 element in-phase array, two stacked 5 element Yagis, etc.
- 2 For directional antennas in the horizontal plane show the direction of the main radiation lobe(s) in degrees with respect to true north in a 360 degree horizontal azimuth, numbered clockwise, with true north as zero azimuth.
- 3 Show overall height above ground in meters to topmost portion of structure, including highest top mounted antenna and beacon if any.
- 4 Show the ground elevation above mean sea level in meters at the base of the transmitting antenna supporting structure.
- 5 Give the actual power gain toward the radio horizon.
- 6 This is equal to the sum of the site elevation and the height of the antenna radiation center above ground.

Section 11 (Page 2)

6. Attach as an Exhibit a vertical plan sketch for the proposed total antenna structure, including supporting structure, giving overall height of structure in meters above ground, including lighting beacon (if any).

Exhibit No.
2

7. Will the proposed antenna supporting structure be shared with an AM radio station?

☐ Yes ☒ No

If yes, list the call sign of that station: _____

8. Attach as an Exhibit a polar diagram of the radiation pattern (relative field) in the horizontal plane of the transmitting antenna showing clearly the correct relationship between the major lobe or lobes and the minor lobes of radiation and a tabulation of the pattern at every ten degrees and all maxima and minima. Applicants proposing use of multiple transmitting antennas shall submit a composite radiation pattern. If a non-directional transmitting antenna will be employed, i.e., an antenna with an approximately circular radiation pattern, check here ☐ and omit polar diagram and tabulation. If the antenna manufacturer and model number are on the Commission's list of common "off-the-shelf" directional antennas, check here ☒ and omit polar diagram and tabulation.

Exhibit No.

9. Has FAA been notified of proposed construction?

☐ Yes ☒ No

If Yes, give date and office where notice was filed: _____

10. Environmental Statement (See 47 C.F.R. Section 1.1301 et seq)

Would a Commission grant of this application come within 47 C.F.R. 1.1307, such that it may have a significant environmental impact, including exposure to workers or the general public to harmful nonionizing radiation levels?

☐ Yes ☒ No

If you answer Yes, submit as an Exhibit an Environmental Assessment as required by Section 1.1311. If no, explain briefly why not.

Exhibit No.
3

11. Unattended operation:

Is unattended operation proposed?

☒ Yes ☐ No

If Yes, and this application is for authority to construct a new station or to make changes in the facilities of an authorized station which proposes unattended operation for the first time, applicant will comply with the requirements of 47 C.F.R. Section 74.734 concerning unattended operation.

☒ Yes ☐ No

12. Is type approved broadcast equipment being specified?

☒ Yes ☐ No

If No, indicate date equipment was submitted to FCC Laboratory for approval: _____

I certify that I represent the applicant in the capacity indicated below and that I have examined the foregoing statement of technical information and that it is true to the best of my knowledge and belief.

July 20, 1990
Date

Signature <i>Kenneth Renfrow</i>
Typed or Printed Name Kenneth Renfrow
Telephone No. (include area code) (719) 544-5781

☒ Technical Director

☐ Registered Professional Engineer

☐ Consulting Engineer

☐ Chief Operator

☐ Other (specify)

SECTION III - LEGAL QUALIFICATIONS

NOTE: Applicants for new stations only:

1. Applicant is (check one of the following):

- | | | |
|-------------------------------------|--|---|
| <input type="checkbox"/> Individual | <input type="checkbox"/> General Partnership | <input type="checkbox"/> Corporation |
| <input type="checkbox"/> Other | <input type="checkbox"/> Limited Partnership | <input type="checkbox"/> Unincorporated Association |

(a) If the applicant is a legal entity other than an individual, partnership, corporation or unincorporated association, describe in an Exhibit the nature of the applicant.

Exhibit No.

(b) For LPTV and TV translator applicants only:

If the applicant is an individual, submit as an Exhibit the applicant's name, address and telephone number (including area code).

Exhibit No.

If the applicant is a partnership, whether general or limited, submitted as an Exhibit the names, addresses, and telephone numbers (including area code) of all general and limited partners (including silent partners), and the nature and percentage of the ownership interest of each partner.

Exhibit No.

If the applicant is a corporation or an unincorporated association, submit as an Exhibit the names, addresses and telephone numbers (including area code) of all officers, directors and other members of the governing board of the corporation or association and the nature and the percentage of their ownership interests in the applicant (including stockholders with interests of 1% or greater).

Exhibit No.

2. For LPTV and TV translator applicants only, submit as an Exhibit a list of all other new applications filed during the same window period as this application in which the applicant or any principal of the applicant has any interest. Include the percentage of that interest for each listed application, as well as the other applicant's name (if different) and the channel number and location of the proposed station.

Exhibit No.

NOTE: No more than five (5) applications for new low power TV or TV translator stations may be filed during a single window period by any applicant, or by any individual or entity having an interest of 1% or more in applications filed in the same window period. This limit does not apply to minor or major change applications or to TV booster applications.

CITIZENSHIP AND OTHER STATUTORY REQUIREMENTS

3. (a) Is the applicant in compliance with the provisions of Section 310 of the Communications Act of 1934, as amended, relating to interests of aliens and foreign governments?

☐ Yes ☐ No

(b) Will any funds, credit, or other financial assistance for the construction, purchase or operation of the station(s) be provided by aliens, foreign entities, domestic entities controlled by aliens, or their agents?

☐ Yes ☐ No

If Yes, provide particulars as an Exhibit.

Exhibit No.

4. (a) Has an adverse finding been made, or an adverse final action taken by any court or administrative body as to the applicant or any party to this application in a civil or criminal proceeding brought under the provisions of any law related to the following: any felony; broadcast-related antitrust or unfair competition; criminal fraud or fraud before another governmental unit; or discrimination?

☐ Yes ☐ No

(b) Is there now pending in any court or administrative body any proceeding involving any of the matters referred to in 4(a)?

☐ Yes ☐ No

If the answer to 4(a) or 4(b) is Yes, attach as an Exhibit a full disclosure concerning the persons and matters involved, including an identification of the court or administrative body and the proceeding (by dates and file numbers), a statement of the facts upon which the proceeding was based or the nature of the offense alleged or committed, and a description of the current status or disposition of the matter.

Exhibit No.

SECTION III (Page 2)

5. Has the applicant or any other party to this application had any interest in:

(a) a broadcast application which has been dismissed with prejudice by the Commission?

☐ Yes ☐ No

(b) a broadcast application which has been denied by the Commission?

☐ Yes ☐ No

(c) a broadcast station, the license for which has been revoked?

☐ Yes ☐ No

(d) a broadcast application in any Commission proceeding which left unresolved character issues against the applicant?

☐ Yes ☐ No

If the answer to any of the questions in 5 is Yes, state in an Exhibit the following:

- (i) Name of party having interest;
- (ii) Nature of interest or connection, giving dates;
- (iii) Call letters of stations or file number of application or docket number;
- (iv) Location.

Exhibit No.

MULTIPLE APPLICATIONS

6. The applicant certifies that there is no other application pending that would be directly mutually exclusive with this application in which this applicant has an interest of one percent or more or in which any party to this application is an officer, director, or has an interest of one percent or more, direct or indirect.

☐ Yes ☐ No

If No, this application cannot be accepted for filing.

REAL PARTY IN INTEREST

7. The applicant certifies that no agreement, either explicit or implicit, has been entered into for the purposes of transferring or assigning to another party, any station construction permit or license or interest therein that is awarded as a result of a random selection or lottery.

☐ Yes ☐ No

If No, this application cannot be accepted for filing.

SECTION IV - PROGRAM SERVICE STATEMENT

NOTE: For Low Power Television applicants only:

Low Power Television stations must offer a broadcast program service; a non-program broadcast service will not be permitted. Therefore, briefly describe below, in narrative form, your planned programming service.

SECTION V - PREFERENCES

NOTE: Read the following material carefully before answering the questions.

1. All applicants for construction permits for new television translator stations, low power television stations and television booster stations, or for major changes in existing stations, must complete this section. Many pending proposals would create objectionable interference to other nearby proposals if all were granted and are considered mutually exclusive because only one can be granted. The winner from among mutually exclusive applicants will be selected by a lottery. In conducting a lottery, the law requires that certain preferences be awarded to encourage diversity in the ownership of mass communications media and minority ownership. An applicant with preferences will have a greater probability of winning the lottery than an applicant lacking them. Preferences will be computed by the Commission, in the manner described in 47 C.F.R. Section 1.1623.
2. It is essential that information about preferences be completely accurate so that the purposes of the law can be carried out and the lottery conducted fairly. You should, therefore, read very carefully the definitions set out below before answering the questions. WINNING APPLICANTS PROVED TO HAVE MADE MISREPRESENTATIONS TO THE COMMISSION TO IMPROVE THEIR CHANCES IN THE LOTTERY WILL BE DISQUALIFIED FROM HOLDING THAT AUTHORIZATION AND MAY ALSO JEOPARDIZE OTHER PENDING APPLICATIONS.

MINORITY PREFERENCE

1. "Minority" means a person who is a member of one of the following groups: Blacks, Hispanics, American Indians, Alaska Natives, Asians and Pacific Islanders. No other groups are recognized for the purposes of the lottery.
2. If the applicant is a sole proprietor, a preference will be awarded if the applicant is a minority.
3. Other entities will be entitled to a minority preference as follows:
 - a. **Partnerships.** If a majority of the partnership (computed on the basis of profits) is in the hands of a minority, the applicant is entitled to a preference. Note that limited or "silent" partners are to be included in determining whether a preference may be claimed. Thus, in a five-person limited partnership in which each partner is entitled to 20 percent of the profits, the partnership is eligible for a minority preference if any three partners (including three limited partners) are minorities.
 - b. **Trusts.** If a majority of the beneficial interests are held by minorities, the trust is entitled to a minority preference. The characteristics of trustee are not considered.
 - c. **Unincorporated associations or nonstock corporations with members.** If a majority of the members are minorities, the entity is entitled to a minority preference.
 - d. **Unincorporated associations or nonstock corporations without members.** If a majority of the governing board (including executive boards, boards of regents, commissions and similar governmental bodies where each board member has one vote) are minorities, the entity is entitled to a minority preference.
 - e. **Stock corporations.** If a majority of the voting shares are held by minorities, the corporation is entitled to a minority preference.
 - f. Where one form of entity owns an interest in a different form (e.g., a corporation owns 20 percent of a partnership), the interest owned, in its entirety, follows the characteristics of the owner. Thus, in the example, if 51 percent of the corporation's stock is voted by minorities, its entire 20 percent interest in the partnership would be considered as minority controlled when determining whether the partnership is eligible for a minority preference.

SECTION V (Page 2)

DIVERSIFICATION PREFERENCES

1. In general terms, a preference will be given to an applicant if it and/or its owners have no recognizable interest (more than 50 percent) in the aggregate, in any other media of mass communications. A smaller preference will be given to an applicant if it and/or its owners, in the aggregate, have a recognizable interest in no more than three mass media facilities. No preference is given, however, if any of the commonly owned mass media outlets serves the same area as the proposed station, or if the applicant and/or its owners have more than three mass media facilities. The material that follows will set out in more detail the meaning of "own," "owner," "media of mass communications," and "serves the same area."
2. If an applicant and/or its owners, in the aggregate, do not own any other media of mass communications, the applicant is entitled to a preference. "Own" in this context means more than 50 percent ownership.
3. "Owner" means: the applicant, in the case of a sole proprietor; partner, including limited or "silent" partners, in the case of a partnership; the beneficiaries, in the case of a trust; any member, in the case of a nonstock corporation or unincorporated association with members; any member of the governing board (including executive boards, boards of regents, commissions, or similar governmental bodies where each member has one vote), in the case of nonstock corporation or unincorporated association without members; and owners of voting shares, in the case of stock corporations. For the purposes of the diversification preference, holders of less than one percent of any of the above interests will not be considered.
4. A medium of mass communications means:
 - a. a daily newspaper; or
 - b. license or construction permit for:
 - (1) a television station, including low power and television translator station;
 - (2) an AM or FM radio broadcast station;
 - (3) a direct broadcast satellite transponder;
 - (4) a cable television system; or
 - (5) a multipoint distribution service station.
5. The diversity preference is not available to applicants that control, or whose owners control, in the aggregate, more than 50 percent of other media of mass communications in the same area. The facilities will be considered in the "same area" if the following defined areas wholly encompass or are encompassed by the protected, predicted contour of the proposed low power television, television translator or television booster station. (See Section 74.707(a)):
 - a. AM broadcast station-predicted or measured 2 mV/m groundwave contour (see Sections 73.183 or 73.186);
 - b. FM broadcast station-predicted 1.0 mV/m contour (see Section 73.313);
 - c. Television broadcast station-Grade A contour (see Section 73.684);
 - d. Low power television or television translator station-the predicted, protected contour (see Section 74.707(a));
 - e. Cable television system-the franchised community of a cable system;
 - f. Daily newspaper-community of publication; and
 - g. Multipoint Distribution Service-station service area (see Section 21.902(d)).
6. No diversity preference is available to an applicant whose proposed transmitter site is located within the franchise area of a cable system controlled (owned more than 50 percent) by the applicant and/or its owners. No diversity preference is available to an applicant whose proposed transmitter site is located within the community of publication of a daily newspaper controlled (owned more than 50 percent) by the applicant and/or its owners.
7. If an applicant and/or the owners of the applicant control no more than three other mass media facilities, none of which serve the same area as the proposed station, the applicant will be entitled to a smaller preference than an applicant with no other media facilities.

SECTION V - (Page 3)

REMINDER: Do not complete the following without reading carefully the definitions and other information set out in the foregoing pages.

CERTIFICATION OF PREFERENCES

MINORITY

1. The applicant certifies that it is entitled to and seeks to claim minority preference.

☐ Yes ☒ No

If yes, complete the following:

Name	Address	Percentage Interest in the applicant	Minority Group
------	---------	---	----------------

DIVERSIFICATION PREFERENCE

2. The applicant certifies that it and/or its owners have no interest, in the aggregate, exceeding 50 percent in any media of mass communications.

☐ Yes ☒ No

If Yes, DO NOT respond to questions 3 and 4.

3. The applicant certifies that it and/or its owners have no interest, in the aggregate, exceeding 50 percent in more than three mass communications media facilities.

☐ Yes ☒ No

4. The applicant certifies that it and/or its owners have no interest, in the aggregate, exceeding 50 percent in a media of mass communications in the same area to be served by the proposed station.

☒ Yes ☐ No

SECTION VI - EQUAL EMPLOYMENT OPPORTUNITY PROGRAM

1. For Low Power TV applicants, will this station employ on a full-time basis five or more persons?

☐ Yes ☐ No

If Yes, the applicant must include an EEO program called for in the separate Broadcast Equal Employment Opportunity Report (FCC Form 398-A).

SECTION VII - CERTIFICATIONS

1. For new station and major change applicants only, the applicant certifies that it has or will comply with the public notice requirement of 47 C.F.R. Section 73.3580(g).

☒ Yes ☐ No

2. For applicants proposing translator rebroadcasts who are not the licensee of the primary station, the applicant certifies that written authority has been obtained from the licensee of the station whose programs are to be retransmitted.

N/A
☐ Yes ☐ No

Primary station proposed to be rebroadcast:

Call Sign KTSC-TV	City Pueblo	State CO	Channel No. 8
----------------------	----------------	-------------	------------------

3. The applicant certifies that it has contacted an authorized spokesperson for the owner of the rights to the proposed transmitter site and has obtained reasonable assurance that the site will be available for its use if this application is granted.

☒ Yes ☐ No

That person can be contacted at the following address and telephone number:

Name Clyde N. Still		Mailing Address or Identification 1030 W. Colorado Avenue	
City Colorado Springs	State CO	Zip Code 80904	Telephone No. (include area code) (719) 630-1030

The APPLICANT hereby waives any claim to the use of any particular frequency as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise, and requests an authorization in accordance with this application. (See Section 304 of the Communications Act of 1934, as amended.)

APPLICANT acknowledges that all the statements made in this application and attached exhibits are considered material representations, and that all exhibits are a material part hereof and incorporated herein.

The APPLICANT represents that this application is not filed for the purpose of impeding, obstructing, or delaying determination on any other application with which it may be in conflict.

In accordance with 47 C.F.R. Section 1.85, the APPLICANT has a continuing obligation to advise the Commission, through amendments, or any substantial and significant changes in information furnished.

**WILLFUL FALSE STATEMENTS MADE ON THIS FORM ARE PUNISHABLE BY FINE AND IMPRISONMENT.
U.S. CODE, TITLE 18, SECTION 1001.**

I certify that the statements in this application are true, complete and correct to the best of my knowledge and belief, and are made in good faith.

EXHIBIT #3

The proposed modifications in this application will not have a significant environment impact because only the output frequency and a change of antenna is required by the frequency change. The antenna will be the same make and model as the present antenna.

The modification will not expose workers and the general public to harmful nonionizing radiation levels.

RE: K15BX Colorado Springs, CO

Dear Sirs:

This letter shall constitute an agreement between the University of Southern Colorado, licensee of noncommercial educational television station KTSC-TV, Pueblo, Colorado ("KTSC"), and Sangre de Cristo Communications, Inc., permittee of television translator station K15BX, Colorado Springs, Colorado ("SCC"), as follows"

Whereas, SCC holds the permit for a television translator station on Channel 15, which is authorized to operate from Cheyenne Mountain just outside Colorado Springs, Colorado; and

Whereas, SCC is willing to utilize its translator for the retransmission of Television Station KTSC-TV on a temporary basis; and

Whereas, KTSC has been providing a television signal to Colorado Springs through Television Translator K53BQ but is about to be forced to terminate use of K53BQ due to activation of a full power TV station on Channel 53 at Castle Rock, Colorado; and

Whereas, KTSC has already applied to the FCC to move its Channel 8 transmitter to Cheyenne Mountain but cannot get the change approved and the new station built in time to prevent a temporary period of signal loss; and

Whereas, the loss of service on K53BQ will therefore result in the loss of a locally licensed noncommercial educational television signal to a large portion of the noncabled homes in Colorado springs; and

Whereas, SCC believes that the public interest will be served by retransmitting Television Station KTSC-TV over K15BX for this temporary period;

SCC and KTSC therefore agree as follows:

1. KTSC, at its sole expense, will acquire all equipment necessary to convert its present K53BQ translator to one with a Channel 15 output and will provide all personnel necessary to construct the facility. The title to this equipment shall belong at all times to KTSC.

The plan for construction of K15BX shall have been approved by SCC in advance and the construction and operation of the translator shall be under the ultimate supervision of SCC, though at the expense of KTSC. All costs of operating the translator shall be the sole responsibility of KTSC.

2. SCC agrees to file a notification with the Federal Communications Commission ("FCC") to specify Channel 8 as the input channel for K15BX together with a statement of retransmission consent, which is hereby given, as well as any applications necessary to implement this proposal.
3. Once construction has been completed, SCC agrees to file an application for a license to cover the construction permit for K15BX with SCC specified as licensee, and to maintain that license by timely filing of renewal applications should the need arise during the term of this agreement. At all times when K15BX is rebroadcasting the Television Station KTSC-TV, SCC, as licensee and/or permittee of K15BX, shall be solely responsible for its operation, and shall have the right to terminate or modify its operation at any time without prior notice to KTSC if such action is necessary to comply with rules or other requirements of the FCC.
4. SCC has the right to terminate this agreement at any time and agrees to give to give KTSC 60 days notice of its intent to do so. Sixty days following such notification, KTSC must complete removal of its equipment from the K15BX transmitter site (if SCC has not exercised the option to acquire the equipment granted by this Agreement), and K15BX will cease retransmitting Television Station KTSC-TV.
5. At any time that SCC wishes to terminate this agreement, or at such time as KTSC determines that use of K15BX to rebroadcast Television Station KTSC-TV is no longer necessary, it shall be given the option to acquire the KTSC equipment at its fair market value.

6. At such time as KTSC receives approval to move its Channel 8 facility to Cheyenne Mountain and it begins broadcasting from there, the parties agree to confer on the best public interest use of Channel 15, provided, however, that SCC shall have the sole and independent authority to make the final determination with respect thereto.
7. If it is determined by KTSC that it is no longer necessary to utilize K15BX to rebroadcast Television Station KTSC-TV, it shall so notify SCC and give SCC a 60 day period in which to exercise its option to acquire the KTSC equipment.
8. KTSC agrees that it shall reimburse SCC for all its costs incurred in connection with this agreement, including without limitation, legal and engineering costs, operational costs and FCC filing fees.
9. This agreement shall be governed by the laws of the State of Colorado.

Re: Sangre de Cristo Communications, Inc.
Television Translator Station K15BX
Colorado Springs, Colorado

Gentlemen:

On behalf of Sangre de Cristo Communications, Inc., we transmit herewith an application for extension of the construction permit for Television Translator Station K15BX.

There is no filing fee associated with this application.

Should there be any questions concerning this application, kindly contact this office.

Very truly yours,

Suzanne M. Perry
